

Hub for Innovative Voices in Education: For Children and Youth Rights

Team Research Questions

Policies and Social Safety: What is the state being forced to respond to and what policies, across the various systems, impact the protection of children and youth?

Immigration Dynamics: What are the dynamics and processes that shape migration of young people?

Violence Against Children and Youth: What are the general trends of child and youth violence in Latin America and the Caribbean (LAC)?

Child Protection System: Explore the practices of different institutions in charge of ensuring the protection of child and youth rights. To understand how mandates are put into practice and whether practices support or hinder child and youth rights.

Education System: How does education (formal and informal) reproduce/resist liberty, well-being, violence and rights through its practice, structures and human relationships?

Judicial System: What are the dynamics of the pathway to the judicial system and what policies or practices hinder or support children and youth entering it?

Use of Social Media and ICT: Do social media and/or ICT contribute to violence and how? In what ways can ICT and/or social media be used as tools of agency and empowerment, educational and prevention?
